Description

This traditional hardwood picnic table is a tough robust construction, able to withstand the weather for a long period. The 45mm thick hardwood slats are selected for its long lasting hard wearing characteristic and are coated with 2 coats of micro porous wood stain, enhancing its natural colour. The picnic table can be left free standing in secure areas or bolted down to a hard surface. The below ground version can be concreted directly into the ground.

Specification

- Length: 1830mm
- Table Width: 595mm
- Overall Width: 1245mm
- Overall height: 700mm
- Seat height: 420mm
