

Woodland Picnic Table (Iroko Timber)

£603.72

Excl. VAT: £503.10

Product Images

Description

This traditional hardwood picnic table is a tough, robust construction, able to withstand the weather for a long period. The 45mm thick hardwood slats are selected for their long-lasting hard-wearing characteristics and are coated with 2 coats of micro porous wood stain, enhancing its natural colour. The picnic table can be left free-standing in secure areas or bolted down to a hard surface. The below-ground version can be concreted directly into the ground.

Please note that the table is delivered in sections for ease of handling, and it requires assembly.

Options:

The table and benches combination can be manufactured in an above or above-ground version.
