Description

Keep your car protected with our stylish curved roof KCR Car Shelters, which offer full-length shade and protection. The smooth, gentle curve design makes parking and exiting hassle-free and straightforward. An ideal solution for domestic or commercial applications such as car dealerships or private car parks.

The heat protection polycarbonate we use as standard will maintain the car temperature to under 20 degrees, meaning no more uncomfortable car temperatures. Also, in the winter, the shelter offers temperate drop protection, reducing the effects of frosting and the need to de-ice your car.

Options:

This shelter comes with an option for powder-coated colour in a RAL colour of your choice. There are also several sizes to choose from. The car shelters can also be made in bespoke sizes. Just get in touch to discuss your needs.

Specification:

- Aluminium frame
- Heat/UV protected polycarbonate roof & glazing
- Choice of clear or dimmed smoked
- 250 times stronger than glass (survives all weather conditions)
- Integrated drainage system
- Cushion-lined posts for motorcycle protection
- Snow load to 600N/M2 (20cms Snow) as standard
- Wind Speed protection up to 34m/s Vex as standard
- Add a side panel to offer privacy from neighbours

Size:

The KCR Car Shelter is available in various sizes to shelter single or multiple cars or motorbikes. Below are our standard sizes, but these can also be made in any size to fit your needs:

Standard Single Car:

5057mm long x 2400mm wide
5057mm long x 2700mm wide
5775mm long x 2400mm wide
5775mm long x 2700mm wide

Standard Double Car:
